

Handpiece Repair Fee Schedule

We offer our Handpiece Repair Service to be completed, *IN-HOUSE!* Our service includes free pickup and delivery and a full refurbish for only \$195* . A full refurbish consists of a new spindle with chuck, new turbine impeller, all bearings, all O Rings, all spacing washers, and all spring washers. We warranty all full handpiece repair for 180 days**. Our service technician Rob, has been working on surgical and dental power tools for over 20 years. Our 1 week turnaround can also be reduced by knowing the brands used by your facility so we can keep the proper parts in stock. You won't find higher quality work backed by our excellent customer service. We look forward to servicing your needs!

**\$195 Price may vary depending on manufacturer and service performed*
